

UCSD Geriatric Medicine/Psychiatry Journal Club Evaluation

Presenting Fellow: _____

Date: _____

Evaluator: Faculty Fellow Medical Student Other: _____

Dear Evaluator,

Thank you for taking the time to evaluate this Journal Club presentation. Please use the following scale in your assessment of the presentation.

Scale:

- 1: Does not demonstrate achievement
- 2: Demonstrates below average achievement
- 3: Demonstrates average achievement
- 4: Demonstrates very good achievement
- 5: Demonstrates excellent achievement

	1	2	3	4	5	N/A
Background and mastery of topic: (Did the presenter review/summarize the pertinent primary literature to understand the paper and the clinical question?)						
Ability to explain results of the study: (Did the presenter provide accurate, clear, and concise explanations?)						
Ability to analyze/interpret results of the study: (Did the presenter provide appropriate, in-depth criticism of the study methodology, identify bias, assess internal validity, draws own conclusions and contrasts them with the authors?)						
Evaluates the applicability of study results to the care of the older patient: (Did the presenter assess the clinical significance and applicability of the study findings for the geriatric population?)						
Use of Slides / Visual aids: (Were the presenter's slides easy to understand, organized, clear and concise?)						
Oral Presentation & Delivery: (Did the presenter demonstrate confidence, establish eye contact, good enunciation and pace, and appropriate use of pauses?)						

Comments regarding suggestions for improvement or other comments: (Please take the time to give some constructive criticism, use other side if necessary).
